World-Class Service since 1976!

## Nylon Rod Bearings

These bearings are manufactured from a specially compounded filled nylon material offering high compressive strength and dimensional stability. They are an ideal replacement for many bronze and phenolic applications and can be split for use in piston bearing applications.

Part Number	Inside Diameter A	Outside Diameter B	Height D
NRB-875-1250-187	7/8	1 1/4	3/16
