## Product Name:

### Rubber Balls Solid or Sponge Rubber:

#### Basic Info:

Some basic information is in the table about our rubber balls. Additionally, you may request any size not listed.

Item	Description
Size	Diameter from 2.36mm to 85mm
Color	Standard color is black, but they can be produced in any color
Hardness	Duro 30 to 90 Shore A
Hardness Tolerance	+/-5 Shore A
Temperature Range	-40 °C to 100 °C or -60 °C to 200 °C

#### Application:

Rubber balls are made by solid rubber or sponge rubber. Solid rubber balls can be used for vibrating screen. If the hardness is 90 shore A, then we can use the ball for valve seals. Sponge rubber balls are usually used as toys or decoration.
